APPLICATION – PROGRAMME IMPULZ

Part A – Proposal and Applicant Information

A.1 Applicant details

Family name	Last name as given on Passport or Identity Card
Family name at birth	Your last name at birth
First name(s)	Your first name(s) as given on Passport or Identity Card
Title	Titles before name and after name (e. g. Prof., Assoc. Prof., Dr, PhD.)
Gender Female (F)/Male (M)/Diverse (D)	This information serves for statistical and mailing purposes. Indicate F/M/D as appropriate
Nationality	Please select the country
Country of residence	Please select the country in which you legally reside
Date of the birth (DD/MM/YYYY)	Please specify your date of birth using the format DD/MM/YYYY
Country of birth	Please select the country in which you were born/roll out
Marital Status	

A.2 Contact Information:

Current organisation name (if applicable)	Official name of your current organisation
Current Department/Faculty/Institute/ Laboratory name (if applicable)	Name of your current Department/Faculty/ Institute/Laboratory
Street name	Street name
Number	Number
City	The city, in English
Postal code	
Country	Please select the country, roll out
Phone	prefix and telephone number
E-mail	Please insert your e-mail address.

A.3 Academic training

Date of (first) PhD (or equivalent) award	Please provide the date of award of your doctoral degree (or equivalent degree) using the format DD/MM/YYYY This should correspond to the date on the actual original PhD. certificate.
Do you hold the degree "Doctor of Medicine "?	YES/NO If you hold the MD, please attach the additional documentation required as an annex to your application and enter the date of the PhD. equivalent award. PDF upload:
Scan version of the PhD or equivalent diploma **Please note scanned copy of the PhD. certificate must be provided with the application**	Upload pdf file

A.4 References - optional

Please provide details about two persons who could provide, upon request, recommendation letters supporting your application. (You can also attach recommendation letters to this application.)

Name	Organisation	Email	Phone number (include country code)	Please explain relationship (supervisor, manager)	Recommendation letters
					Upload pdf
					Upload pdf

A.5 Proposal information

Application Number [pre-filled by the system]	*IM-2023-XX (given by the system)*
Application Acronym	The short title or acronym will be used to identify your proposal efficiently in this call. It should be no longer than 20 characters (use standard alphabet and numbers only; no spaces, symbols or special characters)
Date of submission [pre-filled by the system]	*DD/MM/YYYY, time: hh:mm (given by the system)*
Application title (max. 180 characters; non-confidential information)	The title should be no longer than 180 characters and should be understandable to non-specialists in your field
Expected start date	DD/MM/YYYY *(please read carefully Guide for Applicants)*
Duration in months: max. 5 year	Max 60 months
Expected end date	DD/MM/YYYY
Keywords	Keyword which best characterise the subject of your research proposal; limit of 200 characters
Scientific area(s)	Select maximum 3 scientific areas within those the research project fits best.
Extended abstract in English language (1 – 4 pages long; non-confidential information)	

Upload pdf

Extended abstracts should be written according to the underlying structure of the structured abstract and in a form that is shorter than the full text. Sections of the extended abstract should cover: abstract, keywords, introduction and objectives, methodology, findings and discussion, conclusion and future research.

Extended abstracts can contain figures, tables, formulas or images. Extended abstracts should relate to the text of the call and sufficiently explain how the project will achieve the objectives. Extended abstracts should not exceed 4 pages including the references.

A.6 Curriculum Vitae – Template (pdf upload)

Part B – Host organization (upload)

Name of the host organization	
Department name	Name of the department where the applicant plans to perform his/her research
Name of the authorized representative of the host organization	
Email address of authorized representative	
Name of the scientist in charge	
Email address of scientist in charge	
Letter of commitment	Template – pdf upload

Part C – Research Project (pdf upload)

Part D – Budget (xlxs upload)

Amount from min. 60 000 – max. 160 000 EUR. *See Guide for Applicants part 4. Project Budget*
Usage of contribution, give breakdown by year and by category (personnel costs, equipment, consumables, publishing costs including Open Access, services, travel costs including conferences, workshops, etc., other).

Category	Year 2024	Year 2025	Year 2026	Year 2027	Year 2028	Year 2029	Total	Specification/ justification
Personnel costs - researcher	17570,40	52711,20	52711,20	52711,20	52711,20	35140,80		2166 Eur *1,5 = 3249 Eur gross salary x 35,2 % social welfare = 4392,60 Eur total cost for employer per month
Personnel costs - team								
Equipment								
Consumables								
Publishing costs including Open Access								
Travel costs including conferences, workshops, etc.								
Services								
Other								
Total								

Part E – Ethical issues (upload pdf file)

In particular, you should explain the benefit and burden of the experiments and the effects these may have on the research subject. Applicants should take time to consider the benefit/burden balance of each part of the project; consider the impact of the research, not only in terms of scientific advancement, but also in terms of human dignity and social and cultural impact; consider elements such as the ethics and social impact of the research and whether there is a balance between the objectives and the means.

The following special issues should be considered:
- Human embryo/foetus, human cells/tissues
- Human biological samples and data
- Personal data (privacy and data protection)
- Research on animals
- Research in developing countries
- Environmental, health and safety
- Dual use and misuse

If relevant, identify the countries where research will be undertaken and which ethical committees and regulatory organisations will need to be approached during the life of the project.

E.1 Ethics Issues Table (upload file)

1. Human Embryo/Foetus		
Does the proposed research involve Human Embryonic Stems Cells (hESCs)?	Yes	No
Does the proposed research involve human Embryo?	Yes	No
Does the proposed research involve human Fetal Tissues/Cells?	Yes	No
2. Humans		
Does the proposed research involve human participants?	Yes	No
Does the proposed research involve physical interventions on the study participants?	Yes	No
3. Human cells/tissues		
Does your research involve human cells or tissues (other from Human Embryos/Foetus, i.e. section 1)?	Yes	No
4. Personal Data		
Does your research involve personal data collection and/or processing?	Yes	No
Does your research involve further processing of previously collected personal data (secondary use)?	Yes	No
5. Animals		
Does your research involve animals?	Yes	No
6. Third countries		
In case non-EU countries are involved, do the research related activities undertaken in these countries raise potential ethics issues?	Yes	No
Do you plan to use local resources (e.g. animal and/or human tissues samples, genetic material, live animals, human remains, materials of historical value, endangered fauna or flora samples, etc.)?	Yes	No

Do you plan to import any material – including personal data – from non-EU countries into the EU?		Yes	No
Do you plan to export any materials – including personal data – from the EU to non-EU countries?		Yes	No
In case your research involves low and/or lower middle income countries are any benefits-sharing actions planned?		Yes	No
Could the situation in the country put the individuals taking part in the research at risk?		Yes	No
7. Environment & Health and Safety			
Does your research involve the use of elements that may cause harm to the environment, to animals or plants?		Yes	No
Does your research deal with endangered fauna and/or flora and/or protected areas?		Yes	No
Does your research involve the use of elements that may cause harm to humans, including research staff?		Yes	No
8. Dual Use			
Does your research involve dual-use items in the sense of Regulation 428/2009, or other items for which and authorization is required?		Yes	No
9. Exclusive focus on civil applications			
Could your research raise concerns regarding the exclusive focus on civil applications?		Yes	No
10. Misuse			
Does your research have the potential for misuse of research results?		Yes	No
11. Other ethics issues			
Are there any other ethics issues that should be taken into consideration? Please specify		Yes	No

I confirm that I have considered all ethics issues described above and that, if any ethics issues apply, I will complete the ethics self-assessment and attach the required documents

Tick box, name, and date

Part F – Confirmation of data correctness/truthfulness

You confirm that the information and details provided, and other information relating to your formal application for fellowship, are correct.

Tick box Yes, name, date

You understand that any false information or misrepresentation would result in your application being disqualified or, if appointed, could lead to your dismissal without notice.

Tick box Yes, name, date
